Website

On our website you can find information on a range of issues relating to child bereavement, books and articles, a searchable database of helpful organisations and details about the support we offer families bereaved by any cause. The website includes a Family Forum, a place to share experiences with other bereaved families.

I have been too emotional to speak at any great length to anyone yet, and this forum has helped me through the darkest days of my life.

Supporting schools

Professionals in schools have a unique role in helping grieving children and young people, as children spend a significant amount of time in school. We can offer support and training to school staff supporting bereaved students.

We also run an awareness programme for primary schools.

Support in Cheshire

Child Bereavement UK provides free support and information to bereaved children and young people up to the age of 25 and parents bereaved of a baby or child within the locality and surrounding areas.

At our centre in Runcorn we offer:

Face-to-face support sessions

For individuals, couples, children, young people and families.

Family support groups

These groups allow bereaved families to get together; children aged 4 to 12 can meet other bereaved children with their adult carers and express their feelings through play and creative activities in facilitated groups.

Young People's Advisory Groups (YPAG)

YPAG encourages bereaved young people aged 11 to 25 to meet in a supportive environment and work together on projects about what they think helps young people who are grieving, based on their own experiences.

*Nothing was going to fill the
huge hole in their lives, but
they understood they were not
alone, and so did I. I always left
those meetings feeling better
